Escape to your dream home, where luxury living awaits! From the moment you arrive, you'll be awe-inspired by the designer touches throughout this custom home, which has recently undergone nearly \$400, 000 worth of renovations. This style embraces the ideals of living with a mix of natural design elements: mixes of wood, metals, and natural stone create true modern simplicity. From the distinctive ambiance of the custom "Polished Simplicity" fireplace to the open-concept kitchen with waterfall quartz island that easily seats 6, dual-toned sleek cabinetry, high-end stainless-steel appliances, including a Column fridge, Induction range, Kraus workforce sink with designer two-toned faucet... you are transported into true luxury. The primary bedroom is a haven for relaxation The primary bedroom is a haven for relaxation, boasting exceptional finishes, a double entry door, an extended walk-in closet, an aesthetic designer wall, and an impressive spa-like bathroom suite: a floor-to-ceiling glass-enclosed free-standing soaker tub/a separate shower, a double-sink modern vanity with a private toilet room, and a slatted niche. The backyard is an oasis of peace and tranquility, with complete privacy as it backs a natural area of open space. The yard boasts a nebbie-tech pool with a
